

COMPARISON OF NEVADA STATE HEALTH DIVISION LICENSED FACILITIES FOR ALCOHOL AND DRUG ABUSERS

Statutory Name	Half Way Houses for Recovering Alcoholics (HWH)	Facilities for the Treatment of Alcohol and Drug Abuse (ADA)	Modified Medical Detoxification Facilities (MDX)	Transitional Living Facilities for Released Offenders (TLF)	Facility for Treatment with Narcotics (NTC)	Community Triage Center (CTC)
NRS Definition	A residence that provides housing and a living environment for recovering alcohol and drug abusers and is operated to facilitate their reintegration into the community, but does not provide any treatment for alcohol or drug abuse. The term does not include a facility for transitional living for released offenders.	Any public or private establishment which provides residential treatment, including mental and physical restoration, of abusers of alcohol or drugs and which is certified by the Division of Mental Health and Developmental Services of the Department of Health (SAPTA) and Human Services pursuant to subsection 4 of NRS 458.025. It does not include a medical facility or services offered by volunteers or voluntary organizations.	A facility that provides 24-hour medical monitoring of treatment and detoxification in a manner which does not require that the service be provided in a licensed hospital.	A residence that provides housing and a living environment for persons who have been released from prison and who require assistance with reintegration into the community, other than such a residence that is operated or maintained by a state or local government or an agency thereof. The term does not include a halfway house for recovering alcohol and drug abusers or a facility for the treatment of abuse of alcohol or drugs.	Any person or any public or private facility provides a narcotic treatment program as described in 42 C.F.R. Part 8.	A facility that provides on a 24-hour basis medical assessments of and short-term monitoring services for mentally ill persons and abusers of alcohol or drugs in a manner which does not require that the assessments and services be provided in a licensed hospital.
